MEMORANDUM FOR: Deputy Director for Administration ✓
Deputy Director for Intelligence
Deputy Director for Operations
Deputy Director for Science and Technology
Administrative Officer, DCI Area

FROM:

Executive Director

25X1

SUBJECT: Possible 1983 Funding Hiatus

1. We are again faced with the possible situation of Congress failing to enact either our regular annual appropriation or a Continuing Resolution by the midnight tonight deadline. As in the past, we will need to continuously monitor the prospects for enactment of new authority and take actions to both protect essential Agency operations as well as respect the clear implications of a lack of funding authority.

2. I have approved the issuance of the attached cable to worldwide stations and bases, which reflects current guidance. By Monday we should have a clearer indication of the situation we face, at which time we will issue further guidance. In the interim, please advise all of your personnel that they will be expected to report for duty as scheduled.

FROM: Director

1. As of noon 17 December, Congress has failed to enact legislation authorizing obligations and continuing activities beyond midnight tonight. We expect completed action on a Continuing Resolution in the near future, but some period of funding hiatus may occur.

2. Past guidance received from OMB permits CIA to continue necessary operations despite the absence of a Continuing Resolution. Agency personnel are expected to report for duty as scheduled, until further notice. In the absence of positive information that a Continuing Resolution has been enacted, components should, beginning 18 December, curtail discretionary travel, non-essential operational expenses, procurement contracts, and other obligations as appropriate.

3. Headquarters will advise when the Continuing Resolution is signed. We regret any inconvenience such a constrained level of operations may cause, but ask that managers use reasonable and prudent judgment until our funding authority becomes clear.
